

## Dear Parents and Carers 5.10.20

The Year 2 team are ready to greet you all on Monday morning at the top gate. We will be wearing our high vis jackets, visors and welcoming smiles!

Don't forget it is Walk to School Week!

### English

This week we will be introducing our key text 'one day on our blue planet'. The children will be exploring the illustrations and generating adjectives and verbs to describe what is happening. We will continue to focus on our presentation of a sentence, ensuring we remember capital letters, finger spaces, full stops and form our letters correctly.

### Maths

Within maths this week we will be continuing our work with numbers within 50. The children will be partitioning their numbers in a variety of ways and comparing numbers using the language and symbols > more than, < less than and = equal to.

### Wider curriculum

Within learning journey the children will be identifying the physical features of Hastings and comparing these with the physical features of South Africa. I wonder if they can tell you a similarity or different between the two areas?

We will also be thinking about the importance of friendships and how we can be a good friend.

### Sounds Write

This week we will be continuing spelling and building words containing the sound /or/ We have discovered there are many different ways to represent the sound. Please practice the following words and generate other words with these sounds.

storm claw tall award autumn walk

Check your child's book bag for the Walk to School Week information. Try parking further away to get some extra steps into your day. It should make us all feel great!
